Merrill's Tavern

Virtual Golf & Billiards Game Room

Merrill's Tavern has four of the most sophisticated virtual golf simulators in all of New England. Year-round virtual golf is the perfect way to keep your skills sharp in the off-season or for beginners to try out a round before getting on the greens.

AboutGolf's proprietary software has the best graphics, physics and overall functionality. Their indoor golf simulator is the only product that provides fully 3D rendered environments, including all trees and objects.

The ball and club tracking sensor provides more accurate and more overall data, including ball speed, vertical launch angle, horizontal launch angle, sidespin and back spin. It also directly measures the club, providing club head speed, horizontal strike angle, vertical strike angle and club face angle.

Course play is the most realistic level achieved in an indoor golf simulator, from normal full shots, to shanks and topped shots, to every type of chip or pitch and for putting from 100+ footers down to tap-ins. The extensive shot analysis capabilities offer not only very accurate data, but also extremely consistent data. If you make a change to your swing that adds 3 yards, you'll get the feedback. If you change your swing to add or subtract back-spin, you'll see the result.

Current Courses Include:

- Atlantis
- Bay Harbor
- Casa de Campo – Teeth of the Dog
- Donald Ross Memorial
- Huzhour Hot Springs Golf Course
- Nine Dragons 9 Hole Golf Course
- Nine Dragons Resort & Golf Course
- Old Palm Golf Club
- Oriental University City Golf Course
- Par 3 Showcase
- Parkland Golf & Country Club
- Pebble Beach Golf Links
- Pine Rivers
- Red Rock Valley
- Shady Dunes
- Shehan
- Spyglass Hill Golf Course
- Sunridge
- The Heather
- The Hollow Grounds
- The Links at Casa de Campo
- The Myrtle Beach Tour
- The Olde Course
- The Preserve
- The Texas Tour
- Tuscany Reserve
- Venetian Golf and River Club
- Waterlefe Golf and River Club

Our indoor golf simulators are continually being updated with the latest courses, upgrades to our sensor and advancement in the simulator software, ensuring that your golf simulator experience is the best, and most up-to-date, that it can be.
